Our Mission

The Friends of Arts Education at the Cerritos Center for the Performing Arts is a nonprofit organization dedicated to enhancing education through high quality art experiences.

The Core Program

The Friends of Arts Education at the Cerritos Center for the Performing Arts (FAE) opens its core program, the Educational Performances, to public, private, and home schools. It consists of three interconnected components designed for an in-depth experience:

1. Professional Development Workshops for Teachers
2. Educational Performances for Students
3. Creative Expressions: In-class follow-up activities

The Educational Performances serve students in grades K-12. FAE's core program features professional productions in dance, music, theatre, and multimedia that meet the State Curriculum Standards and bridge the connections between the arts and other subjects such as science, mathematics, social studies, and language arts.

Scholarships

FAE believes that talent must be nurtured in order to bring stars to our stages in future years. Since 1999, our Performing Arts Scholarships have assisted Southern California high school seniors wishing to pursue a career in the performing arts.

Scholarships are available in Classical Voice, Dance, Drama, Instrumental Music, and Musical Theatre.

As part of each scholarship cycle, the winners are given the privilege to perform on the main stage of the CCPA during the annual Winners Concert and Scholarship Presentation. Prior to the performance, winners work with professionals in their field in preparation for their shining moment on stage.
